## Meet Our Team Member!

### Victoria Silva

Raised in El Paso Texas, Victoria grew a passion for all things beauty early on. Her passion for beauty evolved into becoming a Licensed Medical Aesthetician. She began her career in Las Cruces NM, providing rejuvenating facials, lash services and everything beauty. She knew she wanted to take her expertise to higher levels and specialize in antiaging and skincare. Victoria then joined the MedSpa team at Southwest Plastic Surgery early this year. She now specializes in anti-aging treatments like Microneedling and Morpheus 8, as well as laser treatments. Her outgoing and warm personality are a perfect complement to her beautiful smile, her passion and dedication for the aesthetic profession shine through consistently. One of her favorite treatments to provide is a relaxing and rejuvenating HydraFacial, a fundamental skin care maintenance treatment that keeps skin young, healthy and radiant. Victoria has been a wonderful addition to the Southwest Plastic Surgery MedSpa team.
